

HARTPURY
UNIVERSITY

Programme Information Sheet for 2020 entry

BSc (Hons) Equine Veterinary Nursing

UCAS Code: D313

Award on completion of programme: BSc (Hons) Equine Veterinary Nursing

Professional body accreditation: Royal College of Veterinary Surgeons.

Location of study: Hartpury University. Placements can take place in Equine Veterinary Nursing Training Practices throughout the UK once approved by Hartpury.

Length of programme: Four years full-time.

Language of the programme: This programme is taught in English.

Entry Requirements:

General: A minimum of 5 GCSE A* to C, (or 9 to 4 where numeric grades are being awarded), including English Language, Mathematics and a Science.

A-levels: Typical offer is BBC-CCC or equivalent. This must include a minimum of two A Levels including A Level Biology.

Vocational Award: Typical offer is a DMM-MMM in an Extended Diploma or equivalent in a relevant subject.

Additional requirements: Must have gained a minimum of ten days of work experience within a UK veterinary practice (must include experience in an equine veterinary practice).

International Baccalaureate: We welcome students with the International Baccalaureate Diploma qualification. Offers will be based upon the constituent components to include a grade 3 at higher level Biological Science. Please contact the admissions team for more information.

Access: We welcome students with Science-based Access qualifications. Certain programmes require a pass at level 3 in specific units. Please contact the admissions team for more information.

Mature and international applicants: Mature and international applicants are welcomed. Mature applicants that are not applying for a programme straight from formal education will be expected to demonstrate suitability for the course.

In the case of international applications, we will require a NARIC equivalency certificate. An IELTS level 7.0 English qualification is expected for international applicants without a GCSE Grade C or above (or 9 to 4 where numeric grades are being awarded) in English Language.

If you have completed learning towards a university level qualification, perhaps at another institution or with a professional body or have relevant work experience then you may be able to gain credit for this and/or enter the course at a later point than standard year one entry. For further information please contact our Admissions team, who will be pleased to help you.

Personalised offers will be made to each applicant based on their own merits. Non-academic and academic achievement will be considered.

Timetables: Students on the programme will start in September 2020. This programme is taught over two semesters, normally consisting of 12 weeks of scheduled teaching and then assessment weeks. The

academic calendar can be found at: <https://www.hartpury.ac.uk/uni-termdates>

During scheduled teaching you will have a day without timetabled sessions to support you in managing your workload, gaining valuable volunteering and work experience and completing part-time work. Timetables are normally available during registration. Please note that while we make every effort to ensure that timetables are as student-friendly as possible, scheduled teaching can take place at any time between 8:30 to 20:30 Monday to Friday, although Wednesday afternoons are normally reserved for sports and cultural activities. Work placements may entail working on different days and different hours, depending on the opportunity you identify.

Programme Composition: This programme is comprised of different modules, which focus on specific subjects. The modular structure of the programme gives you flexibility and choice and you can attend introductory sessions for optional modules before having to finally decide which ones you wish to study. We usually offer all optional modules available to students however if we believe that we are unable to offer a high quality student experience (which can be particularly affected by low student demand) then we may make the decision not to offer it. If an optional module will not be run, we will advise you as soon as possible and help you choose an alternative module. Our teaching is informed by research, and modules change periodically to reflect developments in the discipline. These changes are informed by both industry and student consultation.

On completion and passing of these modules you gain academic credit that accumulates towards your award. The marks you gain for the modules completed after your first year may contribute towards your overall award mark and outcome. The modules contain mixture of scheduled learning, independent learning and sometimes learning whilst on work placement.

	Scheduled Contact Learning (%)	Placement Learning (%)	Independent Learning (%)
Year 1	27	0	73
Year 2	0	100	0
Year 3	24	0	76
Year 4	17	0	83

Students will receive a minimum of 15 hours scheduled contact per week in lectures, seminars and practicals in their first year. In subsequent years scheduled contact will vary depending on the modules you select but is typically around 12 hours per week. Students are expected to dedicate at least two to three hours of independent study per contact hour. The second year of study is a mandatory placement that gives students the opportunity to work in an approved veterinary nursing practice. Students will be enrolled with the Royal College of Veterinary Surgeons as Student Veterinary Nurses before commencement of placement. Some modules may bring in guest lecturers to provide topical and industry-relevant talks.

Compulsory Modules

Year 1:

- Clinical Anatomy and Physiology for Veterinary Nurses
 - Students will learn the structure and functions of the major body systems for a range of species
- Animal Husbandry for Veterinary Nurses
 - Discussion of legislation, housing, nutrition, handling, and health of animals
- Professional Veterinary Nursing Practice
 - Students will gain knowledge of the role of a veterinary nurse and consider the job application process
- Patient Care 1 for Veterinary Nurses
 - Focuses on the management of animals within a clinical environment, including transfers, infection control and client support
- Placement Preparation for Veterinary Nurses
 - Encourages students to consider the veterinary nursing environment including their responsibilities whilst on placement
- Pharmacy Management for Veterinary Nurses
 - Students will learn about different types of medications and their administration

Year 2:

- Placement for Veterinary Nurses
 - 1800 hours - worked in full time working hours (minimum of 35 hours per week)
 - In an RCVS approved equine veterinary nursing training practice

Year 3:

- Diagnostics for Veterinary Nurses
 - Learning how to prepare diagnostic tests
- Surgical and Anaesthesia Practice for Veterinary Nurses
 - Understanding the principles of operating theatres, instrument care, and anaesthesia
- Patient Care 2 for Veterinary Nurses
 - Preparing patients for medical treatment and caring for patients with a variety of disorders

Year 4:

- The Professional Veterinary Nurse
 - Learning how to apply their knowledge of the veterinary industry and legislation within a business
- Must complete either:
 - Applied Research Project and Investigative Skills for the Successful Undergraduate OR
 - Undergraduate Dissertation
 - Students will partake in independent research and analysis in a related area of their choice

Optional modules: In the past, topics have included clinical rehabilitation, business management, clinical animal behaviour, ethical breeding, veterinary nursing clinics and volunteering for veterinary nurses.

Assessment Method: You will be assessed through a mixture of written exams, practical exams and coursework. Many of the modules will be marked based on a mixture of assessment types, whilst others will be based solely on one type of assessment.

	Written Examination (%)	Coursework (%)	Practical Examination (%)
Year 1	75	13	12
Year 2	0	100	0
Year 3 *	58	22	20
Year 4 *	14	64	23

* % dependent on optional module choice

Discounts and special support associated with enrolling on the programme: Hartpury also subsidises optional short courses for a reduced cost that give students the opportunity to gain relevant experience and qualifications prior to graduation. These are in addition to the discounts Hartpury usually offers to its students, such as free Wi-Fi on site, which can be found at: <https://www.nus.org.uk/en/nus-extra/>. There is lots of support available to you whilst you study including allocation of a personal academic tutor that you will meet for 1:1 sessions and other services detailed at: <http://www.hartpury.ac.uk/university/facilities/life-at-hartpury/student-support/>

Costs associated with the programme: The cost of the programme will be £9250 per year for UK and EU students subject to government approval. We will only increase our fees in accordance with guidelines laid down by the Office for Students (OfS). This programme also has a required placement year with a tuition fee of £1850. Additional costs will be incurred by the student, including a placement uniform costing around £50, as well as accommodation and travel costs associated with the placement. Students are encouraged to engage in various trips and visits as part of the programme. A comprehensive package of non-repayable financial support is available to facilitate engagement with placements and study tours / trips where additional costs are involved.
